

Dear Friend,

D10653

We talk a lot about "celebrating" here at the Alberta Cancer Foundation — and not just during the holidays. What we do is celebrate this gift of life... this gift of another day. How could we not? The cancer patients we serve are inspiring reminders of how tough and how beautiful each of our journeys can be.

And I celebrate you, — your support of our tireless work towards a cancer-free future also inspires us. Without your contributions, we could not push the boundaries of medical knowledge. Without your ongoing commitment, we will not be able to unravel the mysteries of this disease and uncover new treatments. And without your \$100 help today — and in the year to follow, we will not realize our vision of a cancer-free future. Make no mistake... you are THAT important to us.

As you and yours celebrate the end of one year and the beginning of another, let me offer you my profound thanks and my most sincere wishes for a happy and healthy 2014.
