To report animals in distress outside Edmonton or Calgary: 1.800.455.9003

February 17, 2011

Dear Edmonton Gymkana Association,

I am very grateful for your recent donation of \$1,400.00 to the Alberta SPCA.

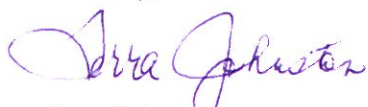

You are helping us protect thousands of companion and farm animals in rural areas, towns and cities in Alberta that do not have their own enforcement services. Thanks to your generosity, we can protect animals that would otherwise have little chance of escaping abuse and neglect.

Your support also ensures that we can continue promoting the welfare of animals by educating Albertans about humane treatment and proper care in an effort to reduce and prevent future incidents. In addition to our education department's work with teachers, students, parents and other community members, our Peace Officers also use educational materials to help owners understand what is required to properly look after their animals.

Last year we investigated 2,315 reports of animals in distress. Your generous support allows us to continue reaching out to those animals and I do hope that we'll be able to count on your support again in the future.

Thank you so much for your commitment to helping animals.

Sincerely,

Terra Johnston
Executive Director

The vision of the Alberta SPCA is to have every animal in Alberta humanely treated.
