Dear Edmonton Gymkhana Association

Thank you for your generous donation to the Little Bits Therapeutic Riding Association. There are many children and adults with disabilities who do not have the typical opportunities available to others that allow them to go out into their communities and access the activities that they would like to participate in. With support from people like you, Little Bits is able to offer horseback riding with therapeutic benefits to children and adults with disabilities. In addition to our riders obtaining improved access to their community and the therapeutic benefits of riding a horse, they are also able to experience many physical, social, cognitive and emotional benefits.

Your donation will go towards fulfilling many of our goals, which include expanding and enhancing our riding program, purchasing specialized equipment, and reducing our wait list for new riders.

For more information about the program and how your donation benefits people with disabilities, please visit our website at www.little.bits.ca.

Sincerely,
