Dear Ms. McIlveen,

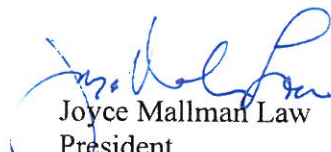

On behalf of the University Hospital Foundation Board of Trustees, I extend our deepest appreciation to Edmonton Gymkhana Association for its generous donation in support high priorities needs at the Mazankowski Alberta Heart Institute.

The Mazankowski Alberta Heart Institute is one of the most technologically advanced cardiac centres in Canada and has brought together leading heart specialists and researchers to combat all aspects of heart disease. Your support helps ensure that this new heart institute will continue to have the best technology and resources available to support the very highest levels of complex cardiac care.

In appreciation of this gift, *Edmonton Gymkhana Association* will be listed in our Foundation's Annual Report.

I again express our gratitude for your generous support of the Mazankowski Alberta Heart Institute.

Yours sincerely,

Joyce Mallman Law
President
University Hospital Foundation

*Many thanks for your
very generous support.*
